SUPER-CHILL PAKS

IDEAL FOR FRESH OR EVEN FROZEN SEAFOOD CASES

Introducing GO WILD™ Premium Seafood, a complete line of pre-portioned wild-caught seafood, including 100% wild-caught fish from Alaska, shrimp from the Gulf Coast, and fish and scallops from the North Atlantic. All products with the MSC blue fish are traceable to a certified sustainable fishery that follows responsible fishing practices, and are packed using our super-chill-pak technology.

Preserves freshness and natural color

The GO WILD™ super-chill-pak technology preserves product

freshness, delivering an extended shelf life of up to seven days when stored in the refrigerator at 38°F or below. It's also designed to reduce freezer burn and maintain the seafood's natural protein color.

Reduces shrink and in-store labor costs

Pre-weighed and UPC-coded, GO WILD™ super-chill paks can be placed directly from the shipping carton into the fresh or frozen seafood case. Restocking on a just-in-time basis is easy — keeping shrinkage to a minimum.

SPECIES	ORIGIN	UPC CODE	CASE GTIN	PACKED	CASE DIMENSIONS	PALLET TI-HI	NET WGT.
Sockeye Salmon	Alaska	8-8269494701-0	00882694957019	12 x 8 oz.	14.19" x 9.44" x 8.19"	13 x 10	780 lbs.
